## **Training Coaches Has Never Been Easier**

### ***New PDF-based online courses offer hands-free solution***

Educating coaches has never been as easy, convenient or cost-effective than it is right now. With the American Sport Education Program's **Coaching Youth Sport online courses**, geared toward coaches of athletes ages 6 to 13, you can provide the baseline knowledge every one of your coaches needs to promote a fun, safe, and valuable sport experience for your kids, and save you a lot of administrative work. How?

Well, think of the possibility of not having to plan for and conduct coaching clinics. And think of the possibility of not having to plan for and conduct the second clinic for the coaches who missed the first one. Think of the time that would free up for you.

With ASEP's new **PDF-based** Coaching Youth Sport online courses, there's no waiting for course materials to be shipped, no inventory to keep track of, and no clinics to be conducted. These courses feature excerpts from the corresponding Coaching Youth Sport book delivered as a series of PDF downloads within the course. Coaches receive the same great reference material that they would receive by having a hard copy of the book, only it's delivered electronically in sections throughout the course.

**These PDF courses retail for just \$19.95!** And that's not all: As sport administrator, you can purchase PDF courses in quantity **at discounted rates**. Depending on how many coaches you train, you can purchase these courses for **as little as \$12 each!**

ASEP's new PDF Coaching Youth Sport Online Courses are literally a hands-free coaching education solution for you. For more information, contact Lori Brown, ASEP sales consultant, at 800- 747-5698, ext. 2299 or e-mail [LoriB@hkusa.com](mailto:LoriB@hkusa.com).
